

The Waterproof Phone and Valuables Wallet

Protect your phone and valuables in style when out on your adventures

Introducing the Fickaskåp **Waterproof Phone and Valuables Wallet**. Safely carry all of your essentials together, without scratching. Totally protected from whatever adventure brings.

IP67 Certified, watertight for up to 30 minutes at a depth of 1 metre*

Two separate internal pockets for safe storage

Prevents sand, rock or dust from getting inside*

Items don't fall out or move between pockets

Use your phone's screen through the case

Different sizes accommodate most phones and fit in pockets

Made from light weight materials

Tough fabrics prevent scuffs and scrapes

*When press-closure is properly sealed

High quality fabrics with ultrasonically welded seams provide exceptional levels of protection and waterproofing.

Our wallet is ideal for those times when you do not want to be carrying anything other than the essentials.

Suitable for all kinds of outdoor adventures, what will you use yours for?

High performance functionality should not be at the expense of stylish design. For all our products we know that style is as equally important at café stops as it is on mountain tops.
